NGO Green Home participated on the seminar: "The NGO role within EU accession negotiation in Environment and Climate Change sector"

Tirana, 22 - 23rd of October 2018

The Swedish-Albanian program "Supporting Albanian Negotiation in Environment, Chapter 27" (SANE27) held the seminar "The NGO role within EU accession negotiation in Environment and Climate Change sector".

In these two days, the participants from the NGO had the opportunity to familiarize with the EU negotiations process in environment and climate change and its main challenges, as well the experience in the negotiation and lessons learned from other candidate countries and EU member states.

NGO representatives from Montenegro, Lithuania and Sweden shared their role and experience in the EU negotiation process and presented different aspects and tools how Albanian NGO can be involved in the EU negotiation process. Further cooperation within SANE27 has been agreed.
