BioNET network "Training on communication and public outreach" Bonn

The BioNET network consists of 14 non-governmental organizations dealing with biodiversity protection in the region (Montenegro, Bosnia and Herzegovina, Albania, Kosovo, Northern Macedonia, Serbia and Croatia). NGO Green Home is one of the organizations from Montenegro that are members of the BioNET network.

In order to build their capacities, members of BioNET network participated to the training:

Communication and Public outreach that was organized in Bonn, Germany in Period 28.10. " 01.11.2019.

Training organized in [Deutche Welle Akademia](#). Members of BioNET network had opportunity to learn about: campaign preparation, development Communication strategy, social networks, preparation of good press realises and how to communicate crucial message to public through the statements and interviews.

Next activities of BioNET network are planning for December 2019 when will be organized Media workshop as well as BioNET meeting in order to define activities that network planning to conduct in the upcoming months.

Training: Communication and Public outreach was organized by GIZ.
