Protest against unplanned and unsustainable development of small hydropower plants

Budva 07.11.2018. _ Balkan River Defence, initiated the protest against sHPPs. NGO Green Home has joined and support protest against the unplanned and unsustainable development of sHPPs. Numerous local and international organizations has joined the protest.

Beside the representatives of NGOs, representatives of local communities from municipality Plav and Savnik, have joined the protest.

The process of planning the small hydropower plants in Montenegro has not been conducted on appropriate way. Local communities who gravitate to the river on which is planned to be build sHPPs has not been informed about the projects. Today, as a consequences we have protest wide the north of Montenegro.
